

# FRIDAY

Create your own time machine and then climb on board as you travel back in time to the Ice Age, to the age of Dinosaurs and cave people, and then zoom into the future where you'll design a city on Mars and create your own personal robot. We'll drop down into other times and places to create art from our experiences. You'll have the opportunity to use a variety of art materials. Wear old clothes!!

March 7- April 18

(no class March 14<sup>th</sup> )

3:30-5:00

KS- \$95
